

On To The Web

Communication

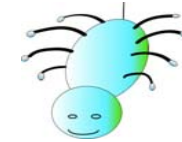

At *On To The Web* we provide high quality workmanship at an affordable cost to develop a website designed to suite your needs.

Your web site will be designed for your clients, while we work with you to meet your needs.

The finished product will be attractive, easy to navigate and provide all the information that your business needs to communicate with your customers.

After your site is launched on the world wide web we will update to the standard you require, within your timeframe.

Can We Help You?

We specialize in the creation of web sites for small businesses, organizations and community groups. We publish and maintain sites or provide details to enable your own experts to keep your site up to date.

Get a web site that looks great at a price you can afford!

With *On To The Web... Web Site Creation*, you will feel confident that your site will stand apart from the competition to meet the requirements of your business or organization.

Your site will be clean, direct, easy to navigate and pleasing to the eye, without sacrificing functionality.

Maintenance

You will also receive site lifetime maintenance if you so choose, so you can be confident that your site will always have fresh content.

We will happily negotiate weekly, monthly or annual maintenance to best suit your needs

Costing:

Charges for a web site are based on the amount and type of content .

We have a basic set of charges that can be used as a guide .

The final cost can only be decided upon after negotiation.

These are the components of the final cost:

1. Site Cost—Basic, Intermediate ,etc
2. Server and Web Address costing
3. Business Costing online sales etc

If you don't already own a web address (e.g. www.mysite.com.au) you will need components 1 & 2. You only need component 3 if you wish to sell products/services using the internet.

Our costing guidelines are:

Basic Site 1 page \$100.00

Intermediate 2-5 pages \$500.00

Graduate 6-9 pages \$950.00

Advanced 10+ starting at \$1500.00

Other costs business package (sale of goods online) *negotiable*

Server and web address \$100-\$350

Photography negotiable
